

Summer Math Assignment 2
3-D Drawing and Geometry

At the following website:

<http://mathforum.org/workshops/sum98/participants/sanders/>

You will find the following topics –
The Geometry of 3-D Drawing
Isometric Drawings
Oblique Drawing
Perspective Drawing
Careers in 3-D Drawing
A Drawing Project

Follow each link in order.

After reading each section, complete drawings that are described and or do summary of the information presented.

For the final link – the Drawing Project – please keep your drawings as a part of your assignment.
